

Notice

We are happy to inform all that the formulation, data collection mechanism and other requirements to work out the CCIs are now completed, and we are geared up to prepare these on regular basis.

However, keeping in view the volatility of prices of various inputs and different geographical locations, where the construction intensity is significant, the work needs deployment of large resources and therefore it has been decided to evolve these on the basis of cost reimbursements for specific queries.

Desirous organizations may send their enquiries on helpdesk-cci@cidc.in.
