

NOTICE No. 1/ September /2018
Drone Technology Research Resource Centre (DTRRC)
Request for Expression of Interest (Eol)

Expression of Interest (Eol) are invited from the Engineering/Technical Institutions approved by AICTE, Autonomous Institutions like NITs / IITs, who are desirous of establishing a Drone Technology Research Resource Centre in their Institute campuses. Applications from Approved Institutions, situated in Sri Lanka, Nepal & Bhutan, would also be considered.

DTRRC shall operate as Drone manufacturing units, as well as pursuing various applications of Drone Technology in various sectors, such as Construction, Agriculture, Traffic Control, Disaster Control & Management and several more, as per DGCA directives.

The DTRRC shall operate as a not for profit organization and shall pursue Research and also enable ingress of resources to various Industrial concerns and the Government.

Construction Industry Development Council (CIDC) a member organisation of Engineering Council of India (ECI), shall support this initiative by bringing in technology providers and established businesses to join hands with desirous Institutions, to enable them to impart education and also generate resources for their operations through assembly / manufacturing of Drones.

Shortlisted Institutions would need to enter in a detailed MoU.

Send Eol along with a screening fee of Rs. 15,000/- + GST, in the name of "**Construction Industry Development Council**", New Delhi to

Mr. Praveen Tiwari
