Greetings,

I believe you and your family are safe and secure at home.

Over these days of movement restriction, I am sure you would have acquired knowledge, completed many personal projects, indulged in long forgotten hobbies, spent quality time with your families, done some online certifications and so on.

Considering the uncertainty, before any movement is allowed, we at CIDC thought of putting some online learning and development programs for your enrichment and empowerment as listed below:

Sl. No.	Date	Time	Topic
1.	21.05.2020	10:10 am to 01:00 pm	Quantity Surveying and Estimate
2.	22.05.2020		Teams & Team Building
3.	23.05.2020		GIS in Civil Engineering
4.	24.05.2020		Webinar understanding the Financial relief package announced by Govt. Of India – Implications and Dimensions
5.	25.05.2020		Force Majeure clause - Implications & Remedies in Contract Agreement due to COVID Pandemic.

The above programs are of immense value to the recipient since they are articulated by competent experts with the experience of current and latest industry practices.

The program fee for each topic is INR 1000 + GST @18% per participant.

We look forward to your participation as you benefit from these programs during this in home period.
