

Construction Management Program

Construction Industry Development Council
Established by:
The Planning Commission (Govt. of India)
&
The Construction Industry

Construction Industry Development Council, the apex organization established by the Planning Commission, Government of India and the Indian Construction Industry, is the largest human resource development agency in the country.

Over the last two decades, CIDC has been responsible for imparting training leading to successful employment to over half a million youth. Based on industry needs articulated, CIDC has developed the Construction Management Programme for creating proficient construction personnel useful to the industry.

Applications are invited from young civil engineers desirous of serving the construction Industry after successful completion of following construction Management Programs.

- **CMP 01** - **Construction Project Inventory Management.**
- **CMP 02** - **Construction Finance Management.**
- **CMP 03** - **Construction Project Equipment Management.**
- **CMP 04** - **Construction Project Human Resource Management.**
- **CMP 05** - **Construction Safety Management.**

All the Programs are of 11 month duration, and provide extensive project exposure, along with class room teaching. Discussions/ lectures with Industry Captains is built in the structure of these programs. Post completion of these programs, the successful learners shall be helped to get placed in the construction Industry at suitable positions.
