Construction Industry Development Council
Established by Planning Commission, Government of India and the construction industry

The CIDC, jointly established by the Planning Commission, Government of India, and the Indian construction industry, serves as the umbrella organization for the construction sector nationwide. Through a multitude of initiatives, including training, workshops, publications, and welfare programs, we aim to enhance professionalism and competitiveness in the industry while also contributing to societal and national interests. Recipient of the esteemed Golden Peacock National Training Award 2008, our efforts are recognized for their significant contribution to the country's growth.
